MEMORANDUM FOR: Director of Training

SUBJECT: Weekly Activities Report No. 24  
14 - 18 June 1971

1. Reference Weekly Report dated 27 May 1971, subject -

25X1A6a [redacted] We had several discussions with the Office  
of Communications [redacted] the Training

25X1A

25X1A6a Officer, and LS/TR and OC will probably withdraw the three  
external requests for a year's Arabic training [redacted] We  
emphasized to OC the extremely high tuition [redacted] (estimated  
at \$8,000/\$9,000 in FY 1972); travel costs; and slotting problems  
in the field. All of these factors, plus the intensive "in depth"  
25X1A6a training [redacted] offers, albeit excellent, and the specialized

25X1A6a

language needs of OC's [redacted] led us to recommend  
tutorial-type training on a special contract either as [redacted]

25X1C4a

25X1C4a [redacted] will probably be the answer, and OC is exploring this  
through its many contacts at this agency.

25X1C4a

25X1A6a NE's original estimate of three people for the September  
[redacted] class has changed to one, mainly because of [redacted]  
insistence on an intermediate level in Arabic for entry at the  
School.

2. The June running of IBM's Data Processing for Intelligence  
Community Executives, Poughkeepsie, New York, has been  
cancelled. The August session will be enlarged to accommodate  
some of the people scheduled for June.

3. We have received one request for the Survey of Intelligence  
Information Systems Course, 12 - 20 July, given at the Defense  
Intelligence School. We have a quota of six, and the School is  
anxious to get our nominations. An item on this was included in  
our 16 June Newsletter at [redacted]; request.

4. Two applications have been received for the one space allocated to us by the National Security Agency for the next National Communications Security Course. An additional space was requested, but it is too early to tell if additional spaces will be available through cancellation from other agencies. NSA feels, however, that another space is a surety and suggested we nominate both candidates. Messrs. [redacted] ORD, GS-15, and [redacted] OC, GS-12, are the nominees.

5. It appears NPIC has run the entire gamut of personnel available for training at Offutt Air Force Base in the Defense Senior Interpretation and Application Training Course. There is a class starting 1 July and NPIC will only be sending five employees as compared to an average of 15 per class in the past. In addition to these five, however, they will send two DIA employees.

6. The Agency was allocated one space in the Defense Intelligence School's Joint Intelligence Orientation Course and the Civilian Intelligence Analyst Introductory Course, starting 6 and 7 July respectively. ORD, who had shown an earlier interest in these courses, is unable to supply candidates at this time. The deadline is 21 June, after which the spaces will be redistributed to other agencies. No other CIA components expressed interest in these courses at the time the FY 1972 quota requirements were requested earlier this year. Both courses are scheduled to run a second time early in the next calendar year.

7. Last year at this time, the Agency was offered extra spaces by DODCI for the Intermediate Executive Course because of the usual summer time drop in enrollments by DOD personnel. We were able to take advantage of these spaces, and this year the same offer has been made. So far, we have been offered two spaces in the running starting 12 July and two for the running starting 6 August. The DDS Senior Training Officer has been notified and is in the process of checking possible candidates. If DDS cannot use the spaces, the other Directorates will be notified.

8. Added to the report on external language training cases in process included in last week's Weekly are the following:

Two requests from the SB Division for [redacted] courses in Rumanian and Czech, both to begin in August 1971; estimated cost of each case: \$3,163 and \$6,140.

25X1A

25X1A

[redacted] Two requests from the NE Division, one for Greek at full time, and the other for Turkish, part-time training at

9. At the request of [redacted] Office of Finance, through [redacted] of the Support School, we prepared a report on external and internal training for FY 1971 that related to Financial Management Improvement. This report is incorporated into an overall Agency report prepared annually by the Office of Finance to be submitted to the Office of Management and Budget.
